**Extras for Move™ and Move™ II.**  
A rubber sole is delivered as an accessory and can be ordered separately.

The disc base can be equipped with a rubber sole to give an even better grip on slippery surfaces.

**Respect for the environment:**

Using environmentally friendly materials and methods is a major priority for Variér®. We also attach importance to ensuring that the production methods are environmentally friendly.

**Materials:**

We use wood from farmed sources harvested using principles of sustainability. All the beech and oak we use comes from Europe. The walnut comes from North America.

**Fabrics and leathers:**

We offer fabrics of high wear resistance and classic appearance supplied by acclaimed European specialists (Kvadrat, Innvik, Gabriel) in more than 200 colours. We offer high quality semi-aniline leathers from European leather merchants applying eco-friendly production methods when developing raw hide into furnishings.

**Cushion:** Polyurethane foam

**Guarantee 7 years/5 years:**

Variér® offers an extended a 7 years guarantee on all wooden parts and 5 years on mechanical parts to customers who register their products in our product database. Variér's guarantee only covers manufacturing defects and does not include misuse, normal wear and tear and defects caused by exposure to sunlight. The guarantee will not apply if the customer fails to tighten screws as recommended and this results in damage to the piece of furniture.

We are created  
to move not  
to sit still

This also reflects our sitting philosophy. We have always focused on developing chairs that by letting you move provide well-being. When you move, you feel good. Both physically and mentally. As long as your body has a choice, it will choose movement over inactivity. Also when sitting.

That's why we have made it our mission to develop chairs based on the movement philosophy. These unique sitting solutions encourage dynamic and active sitting positions, which in turn provide maximum comfort and well-being while seated.

## MOVE™

Move your mind. The designer Per Øie, invented the Variér® Move™ after observing how workers made cobblestone streets. He saw that they were sitting on a one-footed stool.

Variér® Move™ is a supportive stool that encourages movement in a fun and unconventional way. When you're half-standing, half-sitting the Variér® Move™ provides you with the same advantages as the cobblestone workers stool did. The chair supports you and allows you the complete freedom to concentrate. It's perfect for having a snack or a cup of coffee at the breakfast bar. It also works as a standing support for architects, designers, painters and other creative professionals. There is no straining or stretching because the chair follows you around and provides a full 360 degrees of easy movement.

Optimal at all kinds of activities that can be done in half standing, half sitting positions.

A rubber stopper under the seat makes it easy to hang on table/desk to clean the floor.

Variér® Move™ is a multi-purpose stool that lets the body move 360° and which supports you perfectly.

### Move™ small - for kids

Height: 49-66 cm.

Adjusted to suit the weight of children making it easy for them to regulate. Move™ small is delivered with a rubber sole as a standard.
