

Ergonomic adjustability and comfort is the cornerstone of BodyBilt's Executive seating. The J3507 features 10-point posture control, which allows the user to control their own ergonomic level of comfort. The #7 seat pan, BodyBilt's most popular, is moderately contoured and fits the largest percentile of workers in regards to size, weight and frame. The J-style mechanism allows for a smooth rocking motion or may be locked in a stationary position.

Standard Features:

- High-Back (22.0" long x 21.5" wide)
- Fully Upholstered Back Shell
- Backrest angle adjustment (15° range)
